*Prostaglandins, Leukotrienes and Essential Fatty Acids* (1998) **58**(6), 427–430
© Harcourt Brace & Co. Ltd 1998

# Subject Index

## A

Acyl-CoA:lysophospholipid acyltransferase, activities in uterus, *169*
Acyl-CoA synthetase, activities in uterus, *169*
Ageing, influence on delta-6-desaturation of essential fatty acids in rat liver microsomes, 417
Alcohol *see* Ethanol
Amniotic fluid, stimulatory effect on prostaglandin production by fetal membranes, *369*
Amphotericin B, inhibitory effect on leukotriene $B_4$ synthesis in neutrophils, 105
Apoptosis
  in brain tumours, actions of arachidonic acid, 193
  induction by cytotoxic $\Delta^{12}$-$PGJ_2$ in transformed endothelial cells, 295
Arachidonic acid (AA)
  apoptosis in brain tumours, 193
  effect of pretreatment on smooth muscle cell migration, 25
  effect of protein kinase A activators on levels in osteoblasts, 147
  effects of daphnodorin A, B and C on 12-lipoxygenase and cyclooxygenase metabolism of arachidonic acid in platelets, 143
  platelet chemiluminescence induction in schizophrenic subjects, *165*
Arachidonic acid metabolites
  changes in hypertensive patients during haemodialysis, *395*
  effect of policosanol on serum levels, 61
  role in action of a beta-adrenergic agonist on human monocyte phagocytosis, 85
Arginine vasopressin, stimulation of phospholipid methylation in cultured mesangial cells: possible role for $PGE_2$ production, 157
Ascorbyl-6-dihomo gammalinolenic acid, effect on histamine- and methacholine-induced contraction of tracheal chain, 327
Ascorbyl-6-gammalinolenic acid, effect on histamine- and methacholine-induced contraction of tracheal chain, 327
Asthma, prednisolone inhibition of 5-H(P)ETE in eosinophils, 111
Atherosclerosis: antiatherosclerotic potency of high density lipoprotein of different origins, 221

## B

Beta-adrenergic agonist, action on human monocyte phagocytosis: role of arachidonic acid metabolites, 85
Biflavonoids, naturally-occurring, effects on epidermal cyclooxygenase and lipoxygenase, 17
Brain tumours, apoptosis: actions of arachidonic acid, 193

## C

Carnitine: effect of carnitine and essential fatty acid supplementation on uptake of $^{11}$C-carnitine in muscle of myopathic carnitine-deficient patient, 201
Chemiluminescence: arachidonic acid-induced platelet chemiluminescence in schizophrenic patients, 165
Cholesterol, dietary, in first two years of life, 33
Cicaprost, tumour metastasis inhibition, 311
Coronary artery disease, effects of garlic, 257
Cyclooxygenase
  catalysation of lipid peroxidation, radioimmunoassay of 15-keo-13,14-dihydro-$PGF_{2\alpha}$ as index, 347
  effects of lysine clonixinate on cyclooxugenase I and II in rat lung and stomach preparations, 421
  epidermal, effects on naturally-occurring flavonoids and biflavonoids, 17
  overactivity in schizophrenics, increased arachidonic acid induced platelet chemiluminescence and, 165
  platelets, effects of daphnodorin A, B and C, 143
Cytokines, effects of sesamin, 185

## D

Daphnodorin: effects of daphnodorin A, B and C on 12-lipoxygenase and cyclooxygenase metabolism of arachidonic acid in platelets, 143
11-Dehydrothromboxane $B_2$, urinary analysis in renal vein occlusion patients using GC/SIM, 65
Dementia, high density lipoprotein fatty acids, 125
Diabetes
  effect of n-3 fatty acids on angiotensin-induced contraction and 1,2-diacylglycerol fatty acid composition in thoracic aortas from diabetic rats, 301
  non-insulin-dependent, high glucose levels modulating ecosanoid production in uterine and placental tissue in late pregnancy, *389*
Diet
  diet rich in gamma-linolenic acid with eicosapentaenoic acid or docosahexaenoic acid, turbots, 353
  supplementation with omega 3 and omega 6 fatty acids, effect on white blood cell aggregation, 365
Dihomogammalinolenic acid, effect on histamine- and methacholine-induced contraction of tracheal chain, 327
Docosahexaenoic acid, with gamma-linolenic acid, in diets fed to juvenile turbot, 353
Duodenal ulcer, polyunsaturated fatty acid deficiency and, 377

## E

Eicosanoids
  cerebral microvascular synthesis, alteration by isradipine, 1
  effects of sesamin, 185
  inhibition of graft-versus-host reaction by treatment of immature thymocytes, *69*
  production
    influence of diet-modified lipoprotein fractions, 231
    uterine and placental tissue from non-insulin-dependent diabetic rats, modulation by high glucose levels, 389
  secretion by endothelial cells exposed to normal pregnancy and preeclampsia plasma in vitro, *91*
Eicosapentaenoic acid, with gamma-linolenic acid, in diets fed to juvenile turbot, 353
Endothelial cells
  pulmonary artery, $H_2O_2$-induced derangements of barrier function: role of 8-epi $PGF_{2\alpha}$ or 8-isoprostane, *9*
  receptor-ligand binding, regulation by 12- and 15-lipoxgenase monohydroxides (12-/15-HETE and 13-HODE), 339
  transformed: induction of apoptosis, p53 and heme oxygenase-1 by cytotoxic $\Delta^{12}$-$PGJ_2$, 295

Endothelin-1, bronchoconstrictor activity, prostanoid counterbalance, 177
Eosinophilic chemotaxis, n-3 polyunsaturated fatty acids and, 243
Eosinophils, prednisolone inhibition of 5-H(P)ETE in asthmatic patients, 111
Epidermal growth factor (EGF)-dependent mitogenesis, inhibition by prostaglandin $E_2$ in embryo fibroblasts, 271
Ethanol
  effect on oocyte quality and prostaglandin synthesis by cumulus oocyte complex, 381
  effects of low chronic ethanol exposure on prostaglandin E synthesis by preimplantation embryo, 249
  effects on parturition, 135
    role of prostaglandins, 135

**F**

Fatty acids
  cis-unsaturated [polyunsaturated], as potential anti-peptic ulcer drugs, 377
  composition, effects of sesamin, 185
  dietary
    effect of n-3 fatty acids on IL-2 and IL-2Rα expression in activated murine lymphocytes, 289
    in first two years of life, 33
  dietary supplementation with omega 3 and omega 6 fatty acids, effect on white blood cell aggregation, 365
  effect of n-3 fatty acids on angiotensin-induced contraction and 1,2-diacylglycerol fatty acid composition in thoracic aortas from diabetic rats, 301
  essential
    dual influence of aging and vitamin $B_6$ deficiency on delta-6-desaturation in rat liver microsomes, 417
    effect on tumour cell drug resistance, 39
  high density lipoprotein, in dementia, 125
  n-3 polyunsaturated fatty acid modulation of eosinophil chemotactic activities to leukotriene B4, 243
  in vitro activity of polyunsaturated fatty acids on *Pseudomonas aeruginosa*: relationsip to lipid peroxidation, 263
Fibroblasts, rabbit skin, influence of diet-modified lipoprotein fractions, 231
Flavonoids, naturally-occurring, effects on epidermal cyclooxygenase and lipoxygenase, 17

**G**

Gamma-linolenic acid
  effect on histamine- and methacholine-induced contraction of tracheal chain, 327
  with eicosapentaenoic acid or docosahexaenoic acid in diets fed to juvenile turbot, 353
Garlic, effect on blood lipids, blood sugar, fibrinogen and fibrinolytic activity in coronary artery disease patients, 257
Glucose, high levels, modulation of eicosanoid production in uterine and placental tissue in non-insulin-dependent diabetic rats during late pregnancy, 389
Graft-versus-host reaction, inhibition by treatment of immature thymocytes with eicosanoids, 69

**H**

Haemodialysis, changes of arterial arachidonic acid metabolites in hypertensive patients, 395
*Helicobacter pylori*, effect of polyunsaturated fatty acids on, 377
Heme oxygenase-1, induction by cytotoxic $\Delta^{12}$-$PGJ_2$ in transformed endothelial cells, 295
Hydrogen peroxide ($H_2O_2$)-induced derangements of pulmonary artery endothelial cell bariier function, role of 8-epi $PGF_{2\alpha}$ or 8-isoprostane, 9
Hydroxeicosatetraenoic acids (HETE)
  12-/15-HETE regulation of endothelial cell and platelet receptor-ligand binding, 339
  20-HETE mediation of effect of parathyroid hormone and protein kinase C on renal phosphate transport, 209
  prednisolone inhibition of 5-H(P)ETE in eosinophils from asthmatic patients, 111
13-Hydroxyoctadecadienoic acid (13-HODE), regulation of endothelial cell and platelet receptor-ligand binding, 339
Hypertension
  deoxycortisone acetate-salt, contribution of glomerular thromboxane, 129
  effect of haemodialysis on arachidonic acid metabolites, 395

**I**

Inflammation, 15-keto-13,14dihydro-$PGF_{2\alpha}$, radioimmunoassay as index of cyclooxygenase catalysed lipid peroxidation, 347
Inflammatory response, effect of dietary supplementation with omega 3 and omega 6 fatty acids, 365
Interleukin-1α (IL-1α), mediation of effect on prostaglandin synthesis of oestrogenised rat uterus by nitric oxide, 413
Interleukin-2 (IL-2), effect of dietary n-3 fatty acids on IL-2 and IL-2Rα expression in activated murine lymphocytes, 289
Interleukin-6 (IL-6)
  effect of vitamin $D_3$ on synthesis induced by prostaglandins in osteoblasts, 119
  synthesis, suppression by retinoic acid, 215
8-Isoprostane, role in $H_2O_2$-induced derangements of pulmonary artery endothelial cell barrier function, 9
Ispoproterenol, action in phagocytosis: role of arachidonic acid metabolites, 85
Isradipine, alteration of rat cerebral microvascular eicosanoid formation, 1

**L**

Leukotriene $B_4$
  n-3 PUFA modulation of eosinophilic chemotactic activities to, 243
  synthesis, inhibitory effect of amphotericin B, 105
Leukotrienes, inhibition of synthesis by terfenadine in vitro, 265
Lipids
  blood, effect of garlic, 257
  cyclooxygenase-catalysed peroxidation, radioimmunoassay of 15-keto-13,14-dihydro-$PGF_{2\alpha}$ as index, 347
  free radical-induced peroxidation, radioimmunoassay of 8-iso-$PGF_{3\alpha}$ as an index, 319
Lipoproteins
  antiatherosclerotic potency of high density lipoprotein of different origins, 221
  high density lipoprotein fatty acids in dementia, 125
  influence of diet-modified lipoprotein fractions on eicosanoid production and proliferation of rabbit skin fibroblasts, 231
Lipoxygenase
  effects of daphnodorin A, B and C on 12-lipoxygenase metabolism of arachidonic acid in platelets, 143
  epidermal, effects on naturally-occurring flavonoids and biflavonoids, 17
Lipoxygenase monohydroxides, regulation of endothelial cell and platelet receptor-ligand binding, 339
Lymphocytes: effect of dietary n-3 fatty acids on IL-2 and IL-2Rα expression in activated murine lymphocytes, 289
Lysine clonixinate, effects on cyclooxygenase I and II in rat lung and stomach preparations, 421

**M**

Mitogenesis, EGF-dependent, inhibition by prostaglandin $E_2$ in embryo fibroblasts, 271

 *© Harcourt Brace & Co. Ltd 1998*

**N**

Neutrophils
  inhibition of *N*-formyl-methionyl-leucyl-phenylalanine-stimulated aggregation, activation of prostaglandin $EP_4$-receptor subtype and, 77
  inhibitory effect of amphotericin B on leukotriene $B_4$ synthesis, 105
  platelet-activation factor in, effects of oxatomide, 99
Nitric oxide
  mediation of effect of IL-1α on prostaglandin synthesis of oestrogenised rat uterus, 413
  mediation of platelet-activating factor stimulatory action on uterine prostaglandin production, 55
  regulation of prostaglandin E synthesis and spontaneous motility in uterine tissue, 333

**O**

Oocyte quality, effect of moderate chronic ethanol intake, 381
Osteoblasts
  effect of protein kinase A activators on levels of free arachidonic acid via stimulation of phospholipid synthesis, 147
  effect of vitamin $D_3$ on interleukin-6 synthesis induced by prostaglandins, 119
  retinoic acid suppression of interleukin-6 synthesis induced by prostaglandins, 215
Ovaries, expression and cellular distribution of phospholipase $A_2$, 399
Ovulation, role of cytosolic phospholipase $A_2$, 399
  gonadotropin-primed immature rats, 405
Oxatomide, inhibition of synthesis and release of platelet-activating factor in neutrophils, 99

**P**

p53, induction by cytotoxic $\Delta^{12}$-$PGJ_2$ in transformed endothelial cells, 295
Parathyroid hormone, 20-HETE mediation of effect on renal phosphate transport, 209
Phagocytosis, human monocyte, role of arachidonic acid metabolites in action of beta-adrenergic agonist, 85
Phosphate, renal transport, 20-HETE mediation of effect of parathyroid hormone and protein kinase C, 209
Phospholipase $A_2$
  activities in uterus, 169
  cytosolic
    expression and cellular distribution in rat ovary, 399
    involvement in the ovulatory process in gonadotropin-primed immature rats, 405
Phospholipid methylation in cultured mesangial cells, stimulation by arginine vasopressin, 157
Placenta, modulation of eicosanoid production in non-insulin-dependent diabetic rats during late pregnancy by high glucose levels, 389
Platelet-activating factor (PAF)
  oxatomide inhibition of synthesis and release in neutrophils, 99
  stimulatory action on uterine prostaglandin production, nitric oxide mediation, 55
Platelets
  aggregation, effect of policosanol, 61
  arachidonic acid-induced chemiluminescence in schizophrenic patients, 165
  effects of daphnodorin A, B and C on 12-lipoxygenase and cyclooxygenase, 143
  receptor-ligand binding, regulation by 12- and 15-lipoxgenase monohydroxides, 339
Policosanol, effect on platelet aggregation and serum levels of arachidonic acid metabolites, 61
Prednisolone, inhibition of 5-H(P)ETE in eosinophils from asthmatic patients, 111
Preeclampsia, eciosanoid production in vitro, 91
Pregnancy
  eiconsanoid secretion by endothelial cells, 91
  non-insulin-dependent diabetes, high glucose levels modulating ecosanoid production in uterine and placental tissue in late pregnancy, 389
  prostanoid metabolites, 205
Prostacyclin analogues, tumour metastasis inhibition, 311
Prostaglandin E (PGE) synthesis
  effects of low chronic ethanol exposure on synthesis by preimplantation embryo, 249
  regulation by nitric oxide, 333
Prostaglandin $E_2$ ($PGE_2$)
  inhibition of EGF-dependent mitogenesis in embryo fibroblasts, 271
  inhibition of neutrophil aggregation, activation of prostaglandin $EP_4$-receptor subtype, 77
  production, arginine vasopressin stimulation of phospholipid methylation and, 157
Prostaglandin $F_{2\alpha}$ ($PGF_{2\alpha}$)
  radioimmunoassay of 8-iso-$PGF_{3\alpha}$: index for oxidative injury via free radical catalysed lipid peroxidation, 319
  radioimmunoassay of 15-keta-13,14-dihydro-$PGF_{2\alpha}$: index for inflammation via cyclooxygenase catalysed lipid peroxidation, 347
  role of 8-epi $PGF_{2\alpha}$ in $H_2O_2$-induced derangements of pulmonary artery endothelial cell barrier function, 9
Prostaglandin $J_2$: induction of apoptosis, p53 and heme oxygenase-1 by cytotoxic $\Delta^{12}$-$PGJ_2$ in transformed endothelial cells, 295
Prostaglandins
  $EP_4$-receptor subtype, inhibition of *N*-formyl-methionyl-leucyl-phenylalanine-stimulated neutrophil aggregation, 77
  production by fetal membranes, stimulatory effect of amniotic fluid, 369
  role in ethanol effects on parturition, 135
  synthesis by cumulus oocyte complex, effect of moderate chronic ethanol intake, 381
  synthesis in oestrogenised rat uterus, effect of IL-1α, 413
  uterine production, nitric oxide mediation of PAF stimulatory action, 55
Prostanoid metabolites, reproductive processes, 205
Prostanoids
  counterbalance of bronchoconstrictor activity of endothelin-1, 177
  urinary excretion, effects of experimental salt depletion, 237
Protein kinase A activators, effect on levels of free arachidonic acid in osteoblasts via stimulation of phosphatidylcholine and phosphatidylethanolamine synthesis, 147
Protein kinase C, 20-HETE mediation of effect on renal phosphate transport, 209
*Pseudomonas aeruginosa*, in vitro activity of polyunsaturated fatty acids, 263

**R**

Radioimmunoassay
  8-iso-$PGF_{3\alpha}$: index for oxidative injury via free radical catalysed lipid peroxidation, 319
  15-keto-13,14-dihydro-$PGF_{2\alpha}$: index for inflammation via cyclooxygenase catalysed lipid peroxidation, 347
Retinal vein occlusion, analysis of urinary 11-dehydrothromboxane $B_2$ using GC/SIM, 65
Retinoic acid, suppression of interleukin-6 synthesis induced by prostaglandins in osteoblasts, 215

**S**

Salt depletion, effects on urinary prostanoid excretion, 237

© Harcourt Brace & Co. Ltd 1998

Sesamin, effects on fatty acid composition, eicosanoids and cytokines, 185
Smooth muscle cell migration, enhancement by arachidonic acid pretreatment, 25

**T**

Terfenadine, inhibition of leukotriene synthesis, 265
Thromboxane, glomerular, contribution to pressor response in deoxycortisone acetate-salt hypertension, 129
Tracheal chain, histamine- and methacholine-induced contraction: effect of gammalinolenic acid, dihomogammalinolenic acid, ascorbyl-6-gammalinolenic acid and ascorbyl-6-dihomo gammalinolenic acid, 327
Tumour cell drug resistance, effect of essential fatty acids and their metabolites, 39
Tumours
  apoptosis in primary brain tumours, actions of arachidonic acid, 193
  metastasis inhibition, cicaprost in, 311
Turbot, diets rich in gamma-linolenic acid with eicosapentaenoic acid or docosahexaenoic acid, 353

**U**

Uterus
  detection of acyl-CoA synthetase, acyl-CoA:lysophospholipid acyltransferase and phospholipase $A_2$ activities, 169
  modulation of eicosanoid production in non-insulin-dependent diabetic rats during late pregnancy by high glucose levels, 389
  oestrogenised, nitric oxide mediation of effect of IL-1α on prostaglandin synthesis, 413
  prostaglandin production, nitric oxide mediation of platelet-activating factor stimulatory action, 55
  regulation by nitric oxide of spontaneous uterine tissue motility, 333

**V**

Vitamin $B_6$ deficiency, influence on delta-6-desaturation of essential fatty acids in rat liver microsomes, 417
Vitamin $D_3$, effect on interleukin-6 synthesis induced by prostaglandins in osteoblasts, 119

*© Harcourt Brace & Co. Ltd 1998*

*Prostaglandins, Leukotrienes and Essential Fatty Acids* (1998) **58**(6), 431–433
